

Dear valued patients:

Please know the health and safety of our patients, staff and the members of our community is our top priority.

In response to recent recommendations from the California Optometric Association and the local government for limiting the spread of COVID-19, our office will be suspending nonessential and nonurgent optometry care effective Monday, March 16 at 4pm through March 29. All regularly scheduled routine eye appointments will be cancelled and our team will reach out to those impacted to reschedule. During this time our normal office hours may be modified.

If you need assistance with ordering or picking up contact lenses or glasses, please email us at oscar@optometrycare.com or call/text us at 714-331-0142. We will respond as soon as we are able. If you are experiencing an eye emergency, please call/text us at 714-955-7340. If you do not hear back from our office within 30 minutes, please go to the local urgent care or emergency room.

Thanks for your patience with us as we work through this challenging situation. We will provide updates via the website www.optometrycare.com and social media. Stay safe and healthy! We look forward to seeing you all back in a few weeks.

Thanks,

Dr. Hollie Huynh and the Eastgate Optometry Care team
